Morah Yides

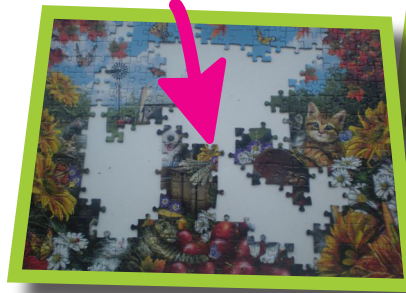

During our scheduled playtime, Basya, Tzivia, Esther and Emunah are almost done putting together their third jigsaw puzzle! At first, these large puzzles of 200-300 pieces each seemed too difficult to complete, but the girls are gaining confidence with each one that they complete. We can't wait to display them in the hallway!

Morah Ruchy

Now that spring is in the air and the weather is getting warmer, we look forward to having recess outside every day! Dovid, Chaim E, Yehuda G and Shua and are excellent Mitzvah Boys and they always take turns on the swings and bikes. They all want to ensure that their friends have a chance, too!

Morah Sara K

A group of special guests arrived in our classroom this week, and the boys could not wait to meet them. Finally, we got to welcome... our caterpillars! Each day, we watch how they grow and change, and we can hardly wait for them to become butterflies!

Thank you to Yehuda G's mother for supplying the caterpillar/ butterfly kit.

Morah Chayala

Yisroel Yaakov is doing great work in many areas. In math, he is up to the number SIX, and he can make up his own examples with our colorful cubes. In reading, he is also up to SIX- that is, book #6! Yisroel Yaakov can read so well on his own, that when we went to say a brocha on a blossoming apple tree, he read all of the words without any help. We are so proud of Yisroel Yaakov's great progress.
